What is a Physical Activity Transaction (PAT) business?

This is a busness that can offer their own business / communities clients a healthy and sustainable option, of allowing their clients to participate within a Physical Activity Transaction (PAT) process, which provides % discounts upon goods, services and products, etc.process.

This is done by when a individual does some form of physical activity and they in turn gain points or codes for thier physical activity actions and thus in turn, an individual can then exchange / transact their points / codes for some form of reward within a business / community context. *(EG - within a PAT Business - Premisis, etc).*

How / what can Echo Credits deliver to a PAT business?

Echo credits can deliver to a Phyiscal Activity Transaction (PAT) business, it's unique (PAT) Data management and Exchange business processes, so that in turn, a PAT business can be reassured and confident in knowing that all thier PAT Data management and Exchange procesess are dealt with in a truly profesonal and comptent manner.

Below is what is incorporated within an Echo Credits - PAT - service process:

1: Echo Credits - PAT - Data Management process:

1-   A - PAT – Data Management process: Echo Credits does a analysis, confimimation and recording processes, to insure that there is no corruption processes within and a specific PAT businesses - Physical Activity Transaction (PAT) Data Management processes. (**This is a flat MONTHLY - PAT - Data management service fee).**

2: A Echo Credits - PAT – Exchange process:

2-   A - PAT - Transaction / Exchange - process: A buniness uses a conventional - Point of Sale (POS) system, inconjunction / incorperted within a (PAT) Exchange process. Thus in turn Echo Credits performs an analyis, recording and confimiation process, to insure that there is no corruption processes within a businesess (PAT) Exchange process. (**This is a DIRECT % Exchange - PAT - service fee).**

How it all works:

Echo Credits - PAT - Data Management / Excahnage - process:

Below are the specifics of *how* a Echo Credits - PAT - service process opperates:

A: Echo Credits - PAT - Data Management process:
